It's official! We are schedule for a beautiful hike in the Peak district. We've been blessed with the free hire of a 15 passenger van, a driver and a guide! Our destination is Ashbourne (northwest of Derby) which is referred to as the 'Gateway to Dovedale.'

Our guide is a personal friend, Mark Palmer, who works with Action Centre in Northampton. Mark has considerable outdoor experience, and has lead several groups on walks in Dovedale.

According to Mark, "Dovedale is a challenge, to those not used to hiking, however not too daunting. The walk we will be completing is roughly 5 miles in total and for those who are feeling brave we can attempt to climb Thorpe Cloud on the way - a small steep hill which takes approximately 30 minutes to climb, and worth it to see the fantastic view from the top! There are stepping stones across the river Dove, and with this in mind it might be an idea to advise the young people bring a change of clothes (just in case)."

This is a great first hike for those who haven't been. You can check out this web page to get an idea where we are going:
